MADE FROM NATIVE ROOTS. SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the curs of human maladies is well proven. Even the untutored Indian had learned the curstive value of some of these and taught the early settions their uses. The Indian never liked work so he wanted his mune to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papoose root," for her, for that was their great remedy for female weaknesses. Dr. Plerce uses the mame root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in ouring all the various weaknesses and painful derangements peculiar to women. Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Dector Pierce's Favorite Prescription, Tenderness over the lower pelvic region, with backache, spells of diziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for woman's peculiar aliments, contain large quantities of spiritnous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating conie, imparting health and strength in particular to the organs distinctly feminine. For weak and slekly women, who are "worn-out," or debilitated, especially for women who strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

A ton of manure will not help a plant that has a canker eating out its heart. You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Bald-ness by rubbing on hair lotions, and rubbing in vaseline, etc. You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out. Newbro's Herpicide destroys the germ, and healthy hair is the sure result. Sold by leading druggists. Send foc. in stamps for sample to The Herpicide Co. Detroit Mich.

Plea of Princess Prevailed.

The first notable act of Princess Ena of Battenberg since her arrival in Spain to become the bride of King Alfonso XIII has been to induce the King to pardon Fernando Levera, who was condamned to death after an exciting trial.

The dramatic circumstances under which pardon was given, as the condemued man was going to the gallows, attracks widespread attention and further augments the popularity of Princess Eus.

Levera was to have been executed in the neighboring town of Badajoz, but the population solicited Princess Ena's intercession, and she spoke to the King, who consulted with his ministers, and after a cabinet council the government resolved to grant the request, as it was the first petition the princess had made in Spain.

Thereupon the King issued a pardon, and a telegram announcing this fact reached the prison at Badajos half an hour before the time set for the execution. The march to the scaffold was to begin when a messenger brought word of

There were remarkable scenes of re joicing. The townpeople formed a pro-cession and sang the proises of there Queen-to-be. The people of Madrid also highly approved the princess' humane intervention, and the newspapers comment upon the coming Queen's first act as being one of mercy.

Another River Mystery.

The body of a woman, perhaps 25 years old, small, slight in build and dark of complexion, was found in the Harlem river in the upper section of New York yesterday. She weighed about 100 pounds and was about 5 feet 4 inches Apparently she had been rather tall. comely. Twisted slightly around the neck of the body was a thick cord, of the kind used along the Harlem river for tying bundles of laths. It was deeply imbedded in the swollen neck. Coroner Schwaneke discovered also that there was a large bruise on the left side of the head. It might have been caused before head. It might have been caused before or after death. The only clothes on the body were a black and white striped

A Mountain Peak Falls.

A great peak slipped from its dizzy eminence and went crashing to the foot of the mountain Friday night at Oaeida, Corporation Fish Wharf, Alexandria, Pa. The mountains in that district are almost perpendicular in their rise from almost perpendicular in their rise from the level, and tower above the village 1800 feet.

The top was one giant mass of rock, and this projected outward, making it impossible to scale by mountain climb

While the real cause of disturbance which loosened it from its moorings Fri day night is unknown, it is believed to have been the result of an earthquake, which many of the community say they felt after midnight.

The great peak, embracing probably a thousand tons of rock, left its place and moved forward, then down the mountain side with a mighty roar, shaking the earth, startling the inhabitants of the village and cutting a deep ravine on

the mountain top.

Huge bowlders, weighing hundreds of tons, which stood in its path, were either swept along with the mass or scooped through, while the heaviest trees were crushed like wheat before the mower. The villagers were awestruck.

Feminine Pyjamas.

At a very exclusive little shop a rash young man was moved to enter because of the silken pyjamas displayed against a background of dainty lingerie,

This inoffensive male inquired the price only to be sternly informed that "This is not a gentleman's shop," whereupon he fled before the wrath in the assistant's eye. But he did learn one thing. He learned that the bifurcated sleeping garment is not confined to the masculine element.

In fact, one firm recently filed an order for half a dozen pyjama suits for a fashionable woman. They were of fashionable woman. They were of palest shades in silk and embroidered in flowers. It seems the fair ones are par-ticular about the little coat pocket, and the smart thing is to have a handker-chief to match each suit.

A good complexion is impossible with the stomach out of order. If pasty sallow people would pay more attention to their stomachs and less to the skin on their faces, they would have better complexion. KODOL FOR DYSPEPSIA will digest what you eat and put your stomach back right in shape to do its own work. Kodol relieves palpitation of the heart, flattlence, sour stomach, heart burn, etc. Sold by W. F. Creighton & Co., 401 Eing St.
